

CAPDM 2015 Distinguished Member of the Year

Andrew Sweet, National Regulatory Affairs Manager,
Kohl & Frisch Limited

ANDREW SWEET

CAPDM is pleased to announce that Andrew Sweet of Kohl & Frisch is the 2015 CAPDM Member of the Year!

Andrew has been a long-standing participant of the Regulatory Advisory Group and has recently joined the new Safety Advisory Group. He was part of the team that worked extensively with Health Canada in revising the licensing regulations associated with controlled substances and standard medications. This is a breakthrough after months of discussions that will lead to substantial savings for CAPDM members in both direct and indirect costs.

For 2 years, Andrew has presented the distributor story to our annual Boot Camp in November to very positive reviews.

Andrew seems to be equipped with unlimited industry data and is always available when a quick opinion or consult is required.

Andrew always brings his positive attitude to meetings, a tremendous asset particularly when working through a controversial issue with multiple opinion points. You can count on Andrew to help set the tone of collaboration with a view of working towards the best result.

Congratulations Andrew!
