Michael Bussiere

Senior Vice President, Richards Pharma Solutions
Richards Packaging Inc.

Our 2019 CAPDM Distinguished Member of the Year is recognized for over a decade of service and contribution to the Signature Event in our portfolio – our Annual Conference.

Michael Bussiere has actively sat on every Annual Conference Planning Committee since 2009! That's 12 straight years.

His committee meeting attendance record is unmatched. Though Michael doesn't fight for attention at the table, he raises suggestions and speaker recommendations that are well thought out and invaluable to the team.

Michael has been a loyal and passionate CAPDM member representing our Service Provider sector. He has held senior executive positions at Richards Packaging Inc., since his first Annual Conference in 2005. We appreciate that beyond his personal participation in the annual conference, he consistently brings his organization's resources to the table.

His upbeat and positive engagement at every conference has certainly caught our eye.

Thank you for your enduring qualities.

Congratulations Michael!
