Moorad Koorshed

CAPDM is pleased to announce that Moorad Koorshed, Trading Partner Manager, AstraZeneca Canada, has been honoured with the CAPDM 2012 Distinguished Member of the Year Award. This award is given to an individual who consistently contributes time and expertise to CAPDM activities aimed at improving the pharmacy supply chain for all member organizations.

Moorad received this industry honour for a variety of reasons, including: As Chair of the Customer Service Committee, he played a key role in helping identify the priorities and activities for this Committee from 2011 to the present; he was a key player in helping to develop an industry “first” – CAPDM’s Quality Agreement Template for Wholesalers & Manufacturers; he has had 100% attendance at the Committee meetings and has attended nearly all education seminars over at least the past 5 years, where he contributed important observations; and he provides a balanced, articulate voice in a variety of association settings, which is helpful to extending the work of CAPDM.

Congratulations Moorad!
