

A WORKING SUMMIT

Resilient · Connected · Vital

MAY 3-6, 2026

HOTEL MONTELEONE, NEW ORLEANS, LOUISIANA

SPEAKER SPOTLIGHT

**Dr. Anne Snowden, Professor of Strategy and Entrepreneurship,
Odette School of Business, University of Windsor**

**Solutions to Advance Resilience in Canada's Health
Supply Chain: Pivotal Opportunities for Implementation**

Dr. Anne Snowden will present solutions to advance supply chain resilience of health products that support the capacity of Canadian health systems to deliver quality patient care. Solutions co-designed by SCAN Health partners will be presented along with progress towards advancing implementation of these solutions at scale across organizations, health systems, and government agencies to achieve pivotal opportunities for advancing resilience in health supply chains across Canada. Results of pilot testing and implementation strategies will be described along with the needs, experiences, and expectations of Canadian consumers regarding their access to health products needed to manage their health and care.
